

IAN CHRISTIAN AMISTOSO

Frontend Intern

Cainta, Rizal | +63 915 226 4832 | ianamistoso27@gmail.com

Portfolio: ian-amistoso-portfolio.netlify.app | GitHub: github.com/notZuri

SUMMARY

Project-driven frontend developer with hands-on experience in HTML, CSS, JavaScript, and responsive UI design. Skilled in using DevTools for debugging and building clean, user-centered interfaces. Eager to contribute to a collaborative team, write maintainable code, and grow as a developer.

SKILLS

Frontend: HTML5, CSS3, JavaScript

Tools: Chrome DevTools, VS Code, Git & GitHub

Soft Skills: Analytical Thinking, Attention to Detail, Adaptability, Clear Communication, Critical Thinking

PROJECTS (Solo-developed and tested)

Smart Attendance System – Full-Stack Developer

Live Demo: <http://zuri.mygamesonline.org/>

- Developed an RFID/fingerprint-based attendance platform using ESP32 hardware, PHP backend, MySQL database, and WebSocket for real-time updates
- Designed and tested a responsive UI for consistent cross-device performance

Shopee E-Commerce Website – Frontend Developer

Live Demo: <https://shopeeee.netlify.app>

- Developed a modern, responsive e-commerce site with a local storage-based cart, simulated login, and scroll animations
- Implemented clean UI using semantic HTML, modular CSS, and vanilla JavaScript

WTF Dashboard – Frontend Developer

Live Demo: <https://WTF-Dashboard.netlify.app>

- Created a real-time dashboard for weather and news using public APIs
- Implemented dark mode toggle and animated UI for enhanced user experience

EDUCATION

BS in Information Technology

ICCT Colleges – Expected December 2025
